Section G – Scoring

1. General
 - a. All scorecards must be shuffled and groups busted. Shuffled is defined as the act of a different member of the shooting group recording the score of another member of the shooting group. A group of 3 or 4 friends or family members, plus an outside person is considered busted provided the outside person is one of the scorekeepers for the group. No one may score his/her own official card.
 - b. Double scoring shall occur at the Championship Shoot for all classes. This means that each shooter will be issued (2) scorecards. Scorecards shall be collected at the completion of the course. At **ALL** M.A.C. events, the shooter is solely responsible for making sure that their scorecard is legible, completed in its entirety, signed, accurately totaled, and submitted to the registration desk. All errors on scorecards must be circled, corrections made, and initialed by both scorekeepers. Any inaccuracies on the scorecard found after it has been submitted to the registration desk, regardless of cause, will result in a 20 point deduction from the total points scored on that particular card. Notice to the shooter will be mailed along with a copy of the corrected card showing inaccuracy. Names of **ALL** scorekeepers will be put on scorecards. To the extent that a majority of the M.A.C. Board of Directors believe that the shooter signed a scorecard that reflects a total score greater than the score actually shot, the shooter shall be ineligible to compete in any M.A.C. sanctioned event for one year immediately following the Board's determination.
 - c. Shooters are responsible for their own cards. Duplicate cards will not be issued for any lost, damaged, or stolen cards.
 - d. All scorecards will be kept at M.A.C. Central for (1) year.
 - e. For all sanctioned M.A.C. events, the scoring will be as follows:
 - 11** – Small circle centered within the ten ring. Approximately 25% of the ten ring will be used. Arrow must at least touch the circle. This score would reflect an 11 on the scorecard.
 - 10** – Circle inside the vital area. Arrow must at least touch the circle.
 - 8** – Vital area other than the 10 point circle. Arrow must at least touch the vital area line.
 - 5** – Remainder of the animal touching body color.
 - 0** – A hit in the horn or hoof not touching body color, any other miss or glance off target.
 - f. Counting the total number of 11's will break a tie. After that total is compared and the tie still exists, Counting the total number of 10's will break a tie,

then 8 and 5.

If a tie exists at the championship and it determines a trophy placing there will be a shoot off, regardless of number of 11's and such. Shoot off will take place in an area preferably where others can watch. Shoot off will be in the distance limitations for the class that the shoot off is for and will consist of a sudden death and the shooting area will be such that the shooters will stand side by side and have the opportunity to shoot at the same time. If a tie still exists, shooting area will be moved and sudden death shoot off will take place again and repeated until winner has been determined (target change is up to the host club). Shooters arrows will be retrieved for them, and the shooters are not to approach the target until a winning round has been shot and scored by the designated scores and then at that time both shooters will be called to the target to find out the outcome.

- g. All scoring zones shall/can be used unless otherwise noted at shooting stake. If multiple scoring zones are facing the shooter, the target should be marked as to the scoring zone that should be used. (Example: this can be done as verbal at the sign up desk or marking non-scoring zones with tape or stickers)
- h. Targets must be scored by both scorekeepers before arrows are pulled. Early pulled arrows score a 0. Repeated offenses will result in the offending shooter to be disqualified.
- i. To score, arrows must be stuck in the target. Witnessed pass thru's or bounce outs are to be scored as agreed on by the majority of the group or re-shot before shooters advance to the target. A pass through is defined as an arrow passing completely through a target with material 360 degrees around the arrow, leaving both an entrance and an exit hole.
- j. An arrow that is embedded into the nock end of an arrow that is embedded in the target (robin-hood) will be scored the same as the embedded arrow. An arrow that does visible damage to an arrow already embedded in the target and does not stick in the target will receive the score of the damaged arrow (group majority decision). If the arrow does stick in the target, it will be scored where it is embedded.
- k. Any arrow released accidentally or deliberately will be, if not in scoring area of target, scored as a 0. Any arrow that is dropped and can be recovered while touching the stake may be re-knocked and re-shot.

2. Shooter of the Year Scoring

- a. A shooter of the Year award will be given in each class except for the Money classes. To qualify for this award, you must shoot a minimum of (4) Qualifier shoots plus the Championship shoot in the same class.
- b. To qualify for this award, you must pay the \$5.00 fee at each of the (4) Qualifier Shoots plus the Championship.
- c. This award will be based on the total points accumulated for highest (4) Qualifier Shoots plus the Championship. High points wins.
- d. Shooter of the year points are awarded as follows at all Mac Shoots including the Championship.
 - 1st place for each class will receive 10 points.
 - 2nd place for each class will receive 9 points.
 - 3rd place for each class will receive 8 points.

- e. Shooter of the Year standings will be posted within 5 days of a Qualifier so that members may always know their current standings.

3. Qualifying for the Championship Shoot

- a. A shooter is “qualified” to participate in the Championship Shoot if their score is in the top 1/3 of their class at an individual Qualifier Shoot. The top 1/3 of the class is based on the scores. (If there are 2 people that shot identical scores, that score would count as 1 score.)
- b. Once a shooter is qualified, that shooter is not counted when determining the Qualified shooters from the results of the next Qualifier.
- c. A minimum of 3 shooters will be qualified in each class.
- d. Attachment 2 & 3 for examples.

4. Peer Grouping

- a. All Groups **will be** Peer Grouped.
- b. Youth peer groups will have an assigned scorekeeper. (No parents allowed with group to score.)
- c. Peer assignment at the Championship Shoot shall be at random selection through registration. If at any time you are required to shoot in a peer group and choose not to do so, your score will be ineligible for any awards (individual and/or team) or titles, whether trophy, cash purse, or Championship title.
- d. Parents may walk with the Youths or Cubs at the Championship, any type of coaching, or carrying shooters equipment is prohibited and could result in disqualification of the shooter.

Section H – Protests

1. Qualifier Shoots

- a. A protest shall be made to the Qualifier Club at the time of the infraction. (No fee required.)
- b. The decision of the Qualifier club will be final unless an appeal is filed with M.A.C. Central within 48 hours along with a \$50.00 appeal fee and written protest.
- c. The appeal will be heard at the next M.A.C. Board meeting. If the protester is found to be correct, the fee shall be refunded.

2. Championship Shoot

- a. A protest will not be heard until the Host Club receives a \$50.00 fee and a written protest.
- b. All protests must be filed within 2 hours after the range closes for that day.
- c. All decisions of the Host Club are final unless a written appeal of that protest decision is received by M.A.C. Central within five working days of the Host Club’s decision along with an additional \$50.00 appeal fee.
- d. The appeal will be heard at the next M.A.C. Board meeting. If the protester is found to be correct, both appeal fees shall be refunded.

All decisions by the Board of Directors are final!

Section I – Sportsmanship

1. For the purpose of this organization, un-sportsmanlike conduct will be defined as “not characteristic of or exhibiting good sportsmanship: not sportsmanlike.”
2. Un-sportsmanlike conduct will not be tolerated from “ANYONE”, there will be **NO EXCEPTIONS** to this ruling.
3. Should un-sportsmanlike conduct be from a shooter, the shooter is automatically disqualified. (No exceptions and no questions asked.)
4. Should un-sportsmanlike conduct be from any official participating in the running of a Qualifier and/or Championship Shoot, they will be immediately removed from their position by being asked to leave the course and not to return for the duration of the shoot. They too will have their score disqualified. (No exceptions and no questions asked.)
5. It will be the responsibility of the club holding the Qualifier or Championship to ensure that a non-biased action is performed for all parties involved.
6. Should a question arise whereby the shooter and the official disagree on what actually occurred, the shooter and or the official has the right to involve another official for a second opinion. No official should take action based solely on what another shooter stated. If an action has occurred in violation of the rule, it should be witnessed by one of the officials.
7. Littering or improper disposal of trash will be considered as un-sportsmanlike conduct.

Section J – Rule Violations

Any person in violation of the above said rules can be disqualified from that event and may be suspended from membership. Any person suspended from membership will not be allowed to shoot any sanctioned M.A.C. event for the remainder of that year or as directed by the M.A.C. Board. Anyone that is suspended from membership and violates this rule could be permanently suspended from M.A.C. membership and all of its sanctioned events. There will be no refund of fees to anyone that is suspended or disqualified for any reason. Any shooter who disobeys shoot/range official orders, will be disqualified from that event and may be suspended from membership.
